

THE POCHE WEEKLY RECORD  
SATURDAY, MARCH 10, 1877  
LOCAL INTELLIGENCE.

COUNTY COMMISSIONERS.

The Board of County Commissioners met on Monday, March 5th, and transacted the following business, to wit:

The following bills were presented and allowed: R. P. Dayton, \$160; Jas. Percival, \$100; Thompson Campbell, stationery, \$14.75; Allen Frazer, election returns, \$30; J. C. Henderson, freight, \$14; Wiederhold & Goodman, stationery, \$10; W. L. McKee, attendance on Court, \$20; J. C. Henderson, \$25; J. P. Curtis, Jailor's salary, \$136.50; W. L. McKee, boarding prisoners, \$129; Thomas Tully, attendance on sick, \$87.50; N. Wescoat, copy of bill, \$7.40; F. Kuhl, hauling, \$5.

The bill of Thomas Brown for attendance on the sick was rejected by order of the Board.

The District Attorney presenting a list of delinquent tax-payers for the year 1875, it is ordered that the District Attorney forthwith commence suits against the following named delinquents for the year 1875, to wit: Mrs. L. C. Goodspeed, Henry Rivas, unknown owner, lot 20, block 3, unknown owner, lot 7, block 29, Walk & Collins, Taylor Bayles, L. Foss, Jose Fenzalier, Chas. Nicholovich, E. Pierson, and J. K. Thomas.

Communications from J. R. McGargle and J. H. Reese were read and ordered filed.

The application of Jas. Spurling for assistance on account of sickness and to be admitted to the County Hospital, was presented, read and ordered filed.

The following bills were also allowed: People's Market, for meat furnished Hospital, \$71.75; Gifford & Brischler, bread furnished jail, \$85; Record Publishing Company, \$14.

The Board then adjourned.

FROM SILVER REEF.—The following items are taken from a private letter received from Silver Reef in regard to the Leeds Silver Mining Company: In the discovery shaft ten men are at work and they take out enough ore to keep the mill running. In the main shaft, which is 130 feet deep, the ore is richer, and the ledge is from 5 to 10 feet thick. From this they can take enough ore to run a twenty-stamp mill, so that it will be necessary to have another mill. The full assay average goes from \$122 to \$130 and \$165. The average ore is sure \$140. The mill works \$1,500 per day, it working from 20 to 25 tons. The dry kiln is too small, so that they can not be any ways steady in crushing on that amount. There are drifts in the main shaft 50 feet north, 45 feet east, 25 feet south and 35 feet west. There is rich ore in all parts. The two ledges in the discovery shaft came to one in the main shaft.

INAUGURAL CELEBRATION AT POCHE.—On Monday last telegraphic word having come to hand that Rutherford B. Hayes had been inaugurated President of the United States on that day, the Republicans of Pioche resolved not to be behind other towns in the State, and accordingly determined to celebrate the occasion. In the evening two sets of anvils were turned loose, one on Main street, opposite Meadow Valley, and the other corner of Main and Lacer streets. The intention was to fire 185 guns, being the number of electoral votes received by Hayes, but the number fired far exceeded that, the firing being kept up until a late hour. A band of music was also on hand playing National music during the entire time that the firing was going on. Bonfires were also kept going at the two locations mentioned, and a general jubilee was in progress all over the town in honor of the event.

JIM CRAWFORD CAPTURED.—Jim Crawford, one of the parties engaged in the attack on the Pioche stage near Ward City on the night of February 27th, was brought to town last Monday afternoon about 5 o'clock by Eugene Blair and Fred. Gilmer, and lodged in the County Jail. He was captured by Blair and Gilmer in the neighborhood of Bristol, having been tracked across the mountains from Pony Springs. When taken he had with him a shot-gun, six-shooter and knife, but as Blair and Gilmer rode upon him he made no resistance, but surrendered instantly, begging them not to take him to Ward City. He owned up to being one of the parties making the attack, but would not mention the names of any other parties concerned with him.

HOLDERS OF INDIAN WAR CLAIMS.—The following dispatch came to hand on Tuesday last: "Carson, Nev., March 6, 1877.—To Pioche Record: Holders of Commissioner's certificates of Indian War claims can get their money by forwarding certificates endorsed. Send by express or otherwise. Militia can get their pay by forwarding assignments or orders as above. W. W. Hobart, State Controller."

SHERIFF'S SALE.—The hoisting works of the Pioche S. M. Co. and the mine were sold on Saturday last at Sheriff's sale to satisfy a judgment obtained against that Company by the Floral Springs Company. The entire property was purchased by the plaintiff for the sum of six hundred dollars.

PAY DAY.—The Raymond & Ely mine had their regular monthly pay-day last Monday, March 5th. The Company paid up their indebtedness for the month of February, 1877.

DISTRICT COURT.—Word having been received from Judge H. Rives on Monday last, March 5th, Court was adjourned by the Sheriff until Wednesday, March 14th, 1877, at ten o'clock.

POCHES KILLED BY INDIANS.—The White Pine News of March 3d says: N. H. Ramm writes under date of February 3d, from Globe District, Arizona: It is reported on very good authority that John O'Dougherty, his brother Edward and Mr. Hope, formerly of Pioche, have been killed at Apache Pass. John Boyd, of Pioche, was with them when I last saw them. They have been making a very thorough examination of this Territory, and perhaps no man on earth could have told so much of Arizona as John O'Dougherty. I sincerely hope this news is without foundation.

A. B. O'Dougherty, on Thursday last, received a letter from his brother, John O'Dougherty, dated Tucson, Arizona, February 21st, which says that he had just heard from Edward O'Dougherty and Hope, who arrived at Camp Boyd safe, escaping from the Apaches, who, the day before had killed ten men. He had previous to this received a dispatch to the effect that Edward and Hope had been killed whilst prospecting in the mountains, but it turned out to be untrue.

SURPRISE PARTY.—A surprise party took place on Tuesday evening last and was a complete surprise (he having borrowed an organ and was busy all the day prior in preparing for the occasion) to the party for whom it was intended, A. H. Emanuel. The various ladies and gentlemen composing the party met at the house of Geo. H. Fish laden with baskets containing the refreshments, and from there proceeded to Emanuel's house. They found that gentleman engaged at a game of cards, with his pants tucked in his boots and in working costume, but that did not spoil the fun, as the beds in the house were taken down and the house arranged for dancing, which was kept up until about three o'clock. When the lunch was arranged, it was found that everyone had forgotten to bring sugar for the coffee, so a messenger had to be dispatched for that necessary article. Outside of this little omission everything passed off very pleasantly, the entire party enjoying the occasion.

CRAWFORD TAKEN TO HAMILTON.—Jim Crawford was taken from the County Jail on Thursday last, placed in the stage under charge of Eugene Blair, and taken to Hamilton. He does not intend to stand any trial, but will confess his part in the stage robbery transaction and throw himself on the mercy of the Court. Blair does not intend to take him into Ward City when he has left here, but would keep him on the road about six miles from that place until the stage again came down to go. Crawford is extremely reticent in regard to any one else but himself. He states that he knew there was money on that stage and also that Blair would be aboard; how he knew it puzzles the Company, but he refuses to tell in that regard. The question is, have the Company employees who give information to such men?

DUNKEN INDIANS.—Some parties on Thursday last paid a visit to the Indian "wickiups," out beyond the Hospital. Whilst there they observed several of the Indians in a beastly state of intoxication, rolling around, yelling, and kicking up the devil generally. No effort has been made to arrest the parties who are constantly selling this liquor to Indians, but since the Legislature has passed a bill allowing Indians to testify who furnish them their "fire water," determined efforts will be made to induce some of them to point out the guilty parties, which, when it is done, some storekeepers will find that the profits on their sales will not pay for the heavy "cinching" they are bound to get.

MEETING NOTICE.—The members of Lightner Hook and Ladder Company are particularly requested to pay attention to a notice published in to-day's Record calling them to attend their regular monthly meeting. The said meeting will be held on Monday evening next at 7 1/2 o'clock at the house of Pioche Hose Company on Main street. Business of importance will be transacted.

DIVIDEND NOTICE.—We publish to-day the monthly dividend notice of the State Bank of Nevada declaring a dividend of two per cent., payable on the 10th inst., for earnings for the month of February, 1877. Hard times seem to make no difference with this home institution, as it goes along declaring its dividends monthly. This is owing to the excellent manner in which that institution is managed.

THE EUREKA SENTINEL says: Bony Ayres is on a visit at Mineral Hill, ostensibly, but Phil. says it looks a little suspicious for Bony to send him an order every day or so for a pair of gaiters, No. 3, and the best in the market. Don't do anything rash, Bony, without first consulting your friends.

THEY CAN RETIRE.—All the orators who have for months been shouting themselves hoarse over the perils threatening our beloved land, can now eat longens, suck cough candy, and renew their acquaintance with their wives and children.

MANY VISITORS.—Jim Crawford was visited at the County Jail on Tuesday last by a large number of our citizens, many of whom were anxious to see if they recognized the gentleman. In most cases they not only found that they knew him, but also that he knew them.

DOG POISONED.—A valuable hunting dog, the property of Wm. Hughes, got hold of poison on Wednesday last and died from its effects. The owner was offered a hundred dollars for the animal several times.

THE LATEST STYLE.—The latest style of ladies' head-gear is a patent tie up hat, worn on the southeast corner of the head.

A FATAL ACCIDENT NEAR HARRISBURG.—We are informed by D. Wilkins of a fatal accident that occurred to the members of the family of Wm. McMillan, a former resident of Pioche. Mr. McMillan, wife and daughter were making a trip from Harrisburg to St. George, Utah, to celebrate the 19th birthday of his daughter. Whilst going down the grade, about twelve miles from St. George, his wagon collided with another, upsetting and throwing McMillan, his wife and daughter over an embankment of twelve feet, killing the daughter instantly and bruising the wife so badly that she is not expected to live. McMillan escaped with slight contusions. McMillan at one time was employed in Pioche as a stone mason, and helped to build that portion of Wilkins' building occupied by the Masonic Hall.

UNITED STATES MARSHAL'S SALE.—There is advertised in to-day's Record by J. P. Curtis, Deputy United States Marshal, as to be sold on the 30th day of March, A. D. 1877, at 12 o'clock, at the door of the County Court House, all the right, title and interest that the Newark S. M. Co. had on the 10th day of May, 1866, to the Regulator Lode, No. 2; Atlantic Lode, No. 2; all the mining ground deeded by the Washington & Creole mine to the said Newark Mining Company, the Santa Clara lode, the Charter Oak lode, the Amador tunnel mining claim, and also the fifteen-stamp mill situated in Condor Canyon, with the mill site, water ditches, etc. The above sale is made to satisfy a judgment obtained by Mary Jane Williams against said Newark S. M. Co.

ATTEMPT TO ESCAPE.—We learned on Tuesday last, by private telegram to Pioche, that James Harrington, under sentence of death for the murder of Sullivan, and a companion, attempted to escape from the City Jail in Virginia. He had become possessed of a six-shooter in some manner and taking his chances grabbed the jailor, holding his hand over his mouth so that he could not cry out. The jailor did, however, make an outcry, which brought assistance, and in the struggle Harrington was shot twice before he was recaptured. Whether the wounds were fatal is not known. He fired one shot at the jailor, which a purse in his pocket prevented from being what it otherwise would have been—a fatal wound.

POWDER ACCIDENT.—During the firing of the salutes on Monday evening last in honor of the inauguration of Rutherford B. Hayes, a can about quarter full of powder exploded in the hands of Alex. Harrison, who was charging the anvil with it, burning them quite severely and also burning his face and eyes slightly. His burns, although very painful, were not serious. Johnny Whitehill, who was aiding at the anvil at the anvil at the same time, was also slightly burned on the left hand. It was a narrow escape, as had the can been full when it exploded it would probably have mortally injured Harrison.

SCHOOL REPORT.—The following is a list of pupils of the Pioche Grammar School whose standing during the month ending March 9th was 90 and upwards, 100 being the standard: Stella Andrews, 96; Chas. Craig, 95; Emma Buck, 92; Thos. Williams, 94; Eddie Malahy, 93; Willie McIntyre, 93; Belle Osborne, 92; Eddie Freudenthal, 91; Bertie Carbis, 91; George Clark, 91; Mary Clinton, 91; Etta Newton, 91; Mamie Buck, 91; Frank Curtis, 90; John Sneath, 90; Max Jacobs, 90; Chas. Loomis, 90; Geo. Harrison, 90; Siella Armer, 90; Minnie Carbis, 90; Maggie Lynch, 90; Mary Pierson, 90; Arthur Buck, 90. Whole number of pupils, 44; average attendance during the month, 40.

CORN'S Mammoth Clothing and Dry Goods Emporium, at the old stand on Main street, opposite Meadow Valley street, has again opened with a new and well-selected stock of goods pertaining to a first-class establishment. Everything new, nobby and stylish. Satisfaction guaranteed in every instance. Call at the old stand, where goods are sold at bottom prices.

ALPS COMPANY.—The Alps Company's mills are running regularly—the Pioche mill on custom ore and the Condor on concentrations. The Superintendent has been notified of a large shipment of Leeds ore. Considerable ore is being extracted from the Alps mine on the second level, and prospecting is being vigorously prosecuted.

LEADS BULLION.—The Salt Lake stage brought to Pioche last Sunday from the Leeds Silver Mining Company at Silver Reef, four bars of bullion valued at \$3,910.02, and on Wednesday four bars valued at \$3,979.79; total value of shipment, \$7,889.81.

SICK.—Capt. H. H. Day, Superintendent of the Raymond & Ely, has been confined to the house for four or five days by a very severe attack of sickness. He was much better, however, yesterday, he being able to be out in the streets.

MINX JUMPED.—A mine at Silver Reef, owned by Gifford & Brischler, has been jumped by some parties, names unknown. Con. Gifford started on Wednesday last for that place to see about the transaction.

ONE PER CENT.—The State Bank of Nevada and W. E. Griffin, banker, have reduced the discount on San Francisco checks to one per cent discount from this date. Take notice of this fact.

TEA.—J. Nesbitt & Bro. have just received a large lot of fine teas direct from China. Give them a call and sample it.

ARRIVED.—The family of Jonas Cohn arrived in Pioche on Wednesday last.

LEAVES TO-DAY.—Miss Annie Bibb, teacher of the primary department of the Public School of Pioche, leaves on this morning's stage for San Francisco, whither she is called by a telegram received by her yesterday afternoon after the dismissal of school. Miss Bibb desires that she should be remembered to her scholars and their parents, she being unable to take leave of them personally, owing to the school having been dismissed before she received the telegraphic message. During the time that this lady has had charge of the school she has had under tuition from 55 to 60 scholars all the time, and has left them well advanced in their studies and in a fine state of discipline. She deserves the thanks of the parents for the care and attention she has exercised in their training. Mr. N. M. Miller has been appointed her successor and will take charge of the school on Monday next.

SHERIFF'S SALE.—On Tuesday, the 13th inst., the Sheriff of Lincoln county will sell at Sheriff's sale at the Court House door at 12 m., the real estate and all the improvements thereon situated on the north side of Meadow Valley street, known as the office and assay office of the Pioche S. M. Co.; also the mining claim known as the Pioche mine, with the hoisting works and machinery thereon, to satisfy a judgment obtained by the Floral Springs Water Company against said Pioche S. M. Co.

The annual meeting of the stockholders of the American Flag Mill and Mining Company for the purpose of electing a Board of Trustees and the transaction of other business, will be held at the office of the Company, room No. 5, No. 324 California street, San Francisco, California, on Thursday, March 22, 1877, at 2 p. m. The transfer books will be closed on Saturday, March 17.

RAYMOND & ELY.—The news this week in regard to the Raymond & Ely mine is very encouraging. On the 1100-foot level there are very good indications and in all probability the ledge will be struck in about a week. On the 8th level also there are good indications—a new development in the places worked. The 9th and 10th levels are being pushed ahead as usual.

WESCOATT IN EUREKA.—By a private letter received yesterday from Senator Wescoat, we learn that his residence in Eureka will only be for a month, by which time he expects to finish up his business there and return to Pioche, after a trip to California.

FOR SALE.—A notice published in to-day's Record by Mrs. L. Cellier advertises her grocery and liquor establishment for sale at the lowest price. She also desires to sell her houses and lots on Upper Main street, Panaca Flat. Apply on the premises for terms, &c.

BILLY BELL arrived from Ward yesterday afternoon. He reports everything in that section as being rather quiet but says the mines were just about to pay off when he left there. The same old, old story.

SCHOPMANN.—Ex-County Surveyor Schopmann is now located at Hamlin's Fort, Utah. He is teaching school there, and at two other towns in Utah, taking two days to each place.

THE wife of Charley Duff constituted herself a member of the Returning Board and in that capacity returned a son to her husband on the second of March.

BONDED.—Dave Buell has bonded the "Duffin" mine at Silver Reef. The "Duffin" mine adjoins the "Crompton" mine, owned by Jos. M. Coschina.

BLUE GLASS.—Talk about "blue glass" but don't fail to try the Blue Grass (Ky.) Bourbon, at Panaca Saloon, Lacer Street. One price! one bit!!

MESENBER.—Jos. R. Hoag is messenger for Wells, Fargo & Co., on the Salt Lake road between Silver Reef and Pioche.

STILL SICK.—D. A. Fulk is still confined to his house from sickness. He does not appear to improve very fast.

BULLION.—Bullion to the amount of \$11,655 was shipped by Wells, Fargo & Co. from Pioche during the past week.

ANDY FIFE AND HARRY HENDERSON returned from Pennsylvania District on Tuesday.

A Baltimore inventor is ruined. He invented a kind of air cushion for women's bustles, put all his money into their manufacture, and now a change in fashion has left the stock valueless on his hands.

R. DROLETTE has fitted up the Orient saloon on Main street, next door to the Bank Exchange restaurant, where he keeps the best of wines, liquors, cigars, and a good billiard table. I will be pleased to see my old patrons. Your choice for 12 1/2 cents.

Im DROLETTE.

CHEESE.—Fresh White River cheese just received at T. C. Ponjady's.

LIST OF LETTERS

REMAINING IN THE POSTOFFICE AT Pioche, Nev., March 10, 1877. If not called for in four weeks they will be sent to the Dead Letter Office.

Allen G.	O'Donnell J.
Atkins J. J.	O'Neil P. B.
Bennett C.	O'Brien J. C.
Boyd C.	O'Brien Hugh

King J. V.	Wilson W. W.
Lehane J.	Williams P.

Persons calling for the above letters will please say "Advertised."

CHARLES F. MEYERS, P. M.

NEWS BY MAIL.

[From the Eureka Sentinel.]

WASHINGTON, March 6.—President Hayes' inaugural gives remarkably general satisfaction. The feeling of Southern men is especially gratified by its conservative tone and its unmistakable intimation that carpet-baggers can expect little or no favorable consideration from the new Administration. They are also greatly pleased with Hayes' declaration that the material developments of the South now deserve considerable care of the National Government within the just limits presented by the Constitution and wise public economy. This is construed as a prognostication of Executive support for Federal assistance to build the Texas Pacific railway and to construct the Mississippi levees. The assured appointment of Key to be Postmaster General is very highly commended as a wise recognition of the desirability of winning over to the Republican party the large and influential old line Whig element of the South, which coalesced with the Democrats as the only available means of preventing the permanent establishment of negro rule and carpet baggers. The Government's appointment of a Southern man like Key to the Cabinet, together with the conservative utterances of the inaugural, will, it is believed, have an immediate and very powerful influence in securing desirable accessions to the Republican party in the South and greatly hasten the subsidence of the excited state of feeling among the Democrats throughout the entire country.

New York, March 6.—The Herald's Washington special says: The inaugural message was printed almost as soon as it was spoken and was read with the greatest interest, but with very diverse feeling by different classes of politicians. The best men of both parties, those who really desire the country to have rest and peace and good government, approved it highly. They said it was a frank, straightforward document and read like the utterance of a sincere and honest man. What the President says about the Southern question satisfied the best classes of Southern Democrats and all of both parties who desired a settlement of the Southern difficulties. Average Republican politicians received the message rather coldly. As to what was said about civil service reform they smile and say, "very easy to talk, but the President will see by-and-by." But even they are not inclined to oppose him in what they think to be his notions on this subject. He will have to ask advice of Congressmen, they say, in filling vacancies, which are always occurring. A member of Congress after all knows more about the people of his district than any one else and is the best one to make responsible. It would be a good thing, these men say, to break down Senatorial patronage which they think has become an abuse, but after all they think the President will soon find out what is practicable, and there will be no such great change. Carpet baggers are in a deplorable mood, as are the Cameron men, who threaten vengeance.

NASHVILLE, March 6.—The American Leader, the Democratic organ, says: Ex-Senator Key, of Tennessee, will probably be appointed Postmaster General. This is a departure from the general custom and would seem to indicate that Hayes means what he says about nonpartisan civil service. Key has never been anything but a Democrat, is a man of ability and thoroughly honest. His appointment is a good indication and one which will be likely to make extremists howl, while every man who seeks the prosperity of our country must rejoice at this indication as far as it goes.

The Herald's Richmond (Va.) special says: The inaugural address is regarded as kindly promising everything which Southerners have a right to expect.

New York, March 6.—Southerners say the tone of the inaugural address has given them great encouragement. Interviews were held with 25 Southern Democrats since its delivery, and they all concur in the opinion that if Hayes adheres to his indicated policy his administration will meet the approval and support of the Southern people.

Ellis, of Louisiana, said to-day if the President carried out these pledges and did not interfere between the two governments of Louisiana and South Carolina, the Nicholas and Hampton governments would prevail.

A World's editorial on the inaugural address says: In regard to the South not one word was said which can not be twisted one way as well as another.

SAN DIEGO, March 6.—The Union has advices from Maricopa Wells, Arizona, that the people at that station fear an attack from the Pima Indians, who are exasperated over a rumor that two Indians, lately arrested have been hung by a mob in Phoenix. General Kantz has ordered a detachment of cavalry from McDowell to Maricopa.

"We find that he came to his death by calling Bill Jackson a liar," was the verdict of a coroner's jury in Missouri.
